# Pages Three and Four: PRESENT LEVELS OF DEVELOPMENT

Record, next to the word "By," the name of the professional(s) who conducted the formal or informal screening, evaluation, or assessment which provided the information for the present levels of development. Enter the Date of the procedure and the child's Chronological Age at the time of the procedure. If the child was at least four weeks premature and under the age of two, enter the Adjusted Age. ### **Major Outcomes**

Based on information discussed prior to and during the IFSP meeting and documented on Page Two (Present Levels of Development) and on Page Three (Summary of Family Resources, Priorities, and Concerns Related to Enhancing the Development of the Child), the team (family and professionals) will identify major outcomes—changes the family and the other members of the team would like to see for the child and/or family. Major outcomes may range from broad, long-term goals to short-range objectives. Major outcomes should be written in commonly understood language. An outcome should be written so that it could be used to determine whether the goal/objective was met. A separate page is to be used for each major outcome.

Enter:

**Major Outcome** # The outcomes are numbered in the box for reference purposes only.

Major Outcome—for example

Johnny will eat table foods at family meals.

Ricky will learn to cruise in order to develop independent walking.

Mary will locate food placed in front of her in order to learn to feed herself.

Susan will find a child care center in order to provide adequate supervision of children enabling her to maintain a full-time job.

David will smile and make vocalizations during play and care giving to show that he is happy, pleased, satisfied.

**Timeline (Target Date)**—the date by which the team hopes this outcome will be reached. This is usually one year but may be less than one year but no more.

### **Action Steps**

List the steps, activities, strategies needed to achieve outcomes, for example:

- --have feeding assessment
- --refer to and participate in feeding therapy if recommended by feeding assessment
- --Susan will obtain a list of possible child care centers from friends and DHS
- --home base interventionist will provide information to family on feeding strategies

Enter the name of the person(s) and agency responsible for each step, activity, or strategy.

## Review/Changes

Review Status and Date are to be completed when reviews are completed and/or modification to the outcome is made with agreement by the family (and documented with a Review/Change form.)

Enter in the box beside review status the number which specifies the current status of the outcome.

If a modification is made the outcome, enter the modification to the outcome or steps on the Review/Change Form.

**Comment** is a brief statement or modification relating to the major outcome.
